

Enjoy a Green Christmas at The Green House, the greenest hotel in the UK.

At every point during the redevelopment and running of the hotel, the environmental impact of our actions has been considered. As a result, we have minimised this in every way possible. Each member of our staff plays a role in this, and it is as important to us as the quality of the product and service we provide.

Christmas Eve

Join us on Christmas Eve in The Green House lounge and start the holidays off in style with a glass of bubbly before indulging in a 4 course tasting menu specially prepared by our team of chefs in The Green Room restaurant. Only local and organic ingredients are used in the preparation of our dishes.

After dinner retire to our lounge for a cocktail or two before heading to midnight mass. On your return join us for a night cap in the Green House lounge.

Christmas Day

Arrive to the Green Room for a hearty New Forest breakfast and spend the rest of the morning at your leisure, perhaps with a refreshing walk on the beach. Alternatively, treat yourself to a late breakfast in bed!

Our Christmas 6 course Tasting menu is served in the Green Room at your requested time. Indulge and enjoy our Organic and bio-dynamic wine list where every bottle's carbon footprint is accounted for.

Retire to the lounge to take your coffees and petit fours and relax and unwind.

If you're still peckish on Christmas Evening our Chef will be preparing a sumptuous buffet. Our team will be awaiting your arrival in the lounge for a digestif.

Boxing Day

Take an early breakfast in order to beat the crowds to the famous Bournemouth Christmas markets. Spend the day supping mulled wine and tasting the delights of the local traders.

Our team will be waiting with a chilled glass of bubbly on your return. Dine with us at your leisure and enjoy our Chef's Tasting menu

27th December

Before you depart make your stay memorable with a champagne breakfast in bed or for those who are driving join us in the Green Room where fresh coffee awaits.
